DECLARATION UNDER 37 CFR § 1.132

Now comes Yonghun Lee who deposes and states that:

1. I am an inventor in the above-identified application;
2. I am a graduate of Pusan National University and received my M.S. (in chemistry) degree in the year 1994;
3. I have been employed by LG Chem, LTD since 1994, and I have been conducting research in the field of Polymer Chemistry for 14 years;
4. The experiments described in the above-identified application were conducted by me or under my direct supervision.

5. The application, as filed, contained a translational error throughout the specification that listed aryl methacrylate instead of correctly listing allyl methacrylate.
6. The examples given and the experiments described in the specification utilized the species allyl methacrylate and not aryl methacrylate which is a generic term not a species.
7. The undersigned petitioner declares further that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of this application or any patent issuing thereon.
8. Further deponent saith not.
